

CA30102

Channel Flow EXO Air Element

NEW RELEASE

The CA30102 is a first for the aftermarket with Baldwin as the provider of this cross for the PACCAR P611698 Channel Flow filter applications. Baldwin's CA30102 is structurally superior to the OE filter using patent pending rugged outer surface and outlet re-enforced resin technology creating a product that is almost indestructible in its working environment. Choose the Baldwin Channel Flow EXO air filter line for unsurpassed dirt removal efficiency and contaminant holding capacity!
